8. Infrastructure Development – Sports Facilities

In 2025, significant improvements were made to the sports infrastructure of BBSUTECH to enhance student participation and sports culture:

- **Boys Hostel** – Badminton and Volleyball grounds were **constructed/repaired** to provide dedicated sports facilities for hostel residents.

- **Girls Hostel** – A **badminton court** was constructed/repaired for female students to promote inclusive sports activities.

- **Main University Sports Ground** – The **central sports ground** of the university was **constructed**, including a **cemented pitch**, suitable for multiple sports activities and official tournaments.

These infrastructure upgrades have strengthened the university’s capability to host inter-varsity competitions and provide students with high-quality sports facilities.

Conclusion

The Sports Office successfully organized and coordinated multiple sports events, national competitions, and cultural celebrations throughout 2025.
The active participation of students from various departments contributed to healthy competition, cultural harmony, and the promotion of sports culture at BBSUTECH.
The Sports Office remains committed to further improving sports activities and student engagement in the upcoming years.
